JAMES RICHARDSON begs to inform his Customers, that the BRITISH LINEN COMPANY having resolved to assimilate that part of their property which was occupied by him in *St Andrew Square to the National Bank's*, has obliged him to remove from their premises ; but Mr R. has been fortunate in obtaining contiguous Wine Vaults at No. 44 and 48 WEST REGISTER STREET, third door, entering from *St Andrew Square by the National Bank*, where he will continue as formerly to keep a well selected Stock of Wines, imported from the first shippers and of the most approved Vintages. Mr R. has to express his gratitude to those who have favoured him with their orders, and to those who have not, he would earnestly recommend a trial, so that they may taste and judge for themselves, both as regards the cheapness and quality of the annexed list of Wines and Spirits.

THIRTY-FIRST PUBLICATION.

EDINBURGH:
PRINTED BY BALLANTYNE AND CO.
FOR THE LETTER-CARRIERS OF THE GENERAL POST-OFFICE.

1836.

[*Entered at Stationers' Hall.*]

THE PROPRIETORS OF THE EDINBURGH POST-OFFICE DIRECTORY beg to return their grateful acknowledgments for the encouragement with which their labours have hitherto been received by the Public, and at the same time to express a hope that the efforts which they have this year made to render their Publication extensively useful, will meet with similar approbation. No labour nor expense has been spared to promote its utility; the utmost care and attention have been exerted to procure authentic information; and whilst they trust that their zeal and assiduity have not been fruitless, it will be their endeavour, in the future editions of the book, to employ the opportunities afforded by their situation to collect every species of information calculated to prove useful to men of business, to merchants and traders, and to the public in general. The Letter-Carriers possess facilities and advantages peculiar to themselves for the preparation of a work of this nature: and as it is equally their interest and their duty to deserve the favour of the public, they will use every honest and fair means to attain so desirable an object.

. Copies of the Map may be had by applying to any of the General Post Letter-Carriers, or to R. GRANT and SON, Booksellers, 82, Prince's Street.

The letters on the Map refer to the parishes, and the figures to the municipal districts.

GENERAL POST.—Letters containing one Enclosure are chargeable with two Single Rates. Letters containing more than one Enclosure, and not weighing one Ounce, are chargeable with three single Rates. Letters weighing one Ounce, whatever the contents may be, are chargeable with four Single Rates; and for every quarter of an Ounce above that weight, an additional Single Rate is chargeable.

Ireland, by way of Holyhead, 3d., Donaghadee, 4d., packet-rate, over and above all other rates.

Guernsey and Jersey, 3d., packet-rate, over and above all other rates.

By an act of 53d Geo. III. all letters and packets which shall be conveyed, during any part of their progress through Scotland, by a mail-coach, are liable to an additional rate of one halfpenny to the ordinary rate of postage; but not to be doubled or trebled on double or treble letters.

* * Merchants' Accounts, Bills of Exchange, Invoices, Bills of Lading, and Proceedings at Law, written on the same piece of paper with a letter, are no longer liable to separate rates of postage, but are to be charged as single only. A single piece of paper is only chargeable with single Postage, whatever may be written upon it.

PENNY-POST.—Letters for the Penny and Twopenny-Post delivery must be under four ounces in weight.

SHIP LETTERS.—By an act passed last session of Parliament, letters may be sent through the Post-Office by any Ship, from any port or place in Great Britain or Ireland, to any other port or place within the same, or either of them, on payment of a rate of postage of 8d. single, in addition to any rates for inland conveyance. Persons desirous of availing themselves of this mode of conveyance, must specify the same on the direction of their letters. Payment of the postage at the time optional. Letters sent in sealed bags for foreign parts (except for the East Indies, &c.), by private ships or vessels, if posted at the port from which the ship shall sail, are liable to a postage of 8d. single, and if posted at any other part of the united kingdom, 12d. single, to be paid at the time of posting the same. Letters to go in this way must be specially directed.

Letters arriving from abroad, except from the East Indies, &c., in vessels not packet boats, are liable to a sea postage of 8d. single, 1s. 4d. double, and so on, over and above all inland rates whatever.

For Packets, Rates, and Dispatches, see Foreign Lists.

The returns of the packets are calculated thus:—to Jamaica and back, 12 weeks; America, 9 weeks; Leeward Islands, 12 weeks; Malta, 53 days; Brazil, 20 weeks; Mexico, 18 weeks.

From August to January, inclusive, the packet touches at Pernambuco and Bahia, on her outward passage to Rio Janeiro; the other six months on her homeward passage.

Letters to and from the East Indies, Cape of Good Hope, the Mauritius, Ceylon, Batavia, New South Wales, Van Dieman's Land, and Swan River, are forwarded by ships as opportunities occur.—The postage must be paid here.

The rate outwards is 2d. per package under three ounces; if above that weight, one shilling per ounce.

The rate inwards is 4d. per package under three ounces; if above that weight, one shilling per ounce, in addition to the Inland rates to London, or any other port at which they may be landed or sent from.

For letters to India, *via* Egypt, see Foreign List.—Mediterranean packet.

SOLDIERS AND SEAMEN can send and receive Single Letters on their own private concerns only, for One Penny, (within any part to and from which there are regular Mails,) to be paid when put into the Post Office. The name of the Soldier or Sailor, his Class or Description, and the name of the Ship or Regiment, must be given by himself, and the Officer having the command must sign his name, and the name of the Ship or Regiment to which he belongs.

Their Letters are also forwarded to the East Indies and New South Wales, on payment of One Penny at the time of putting in; and Letters from the East Indies are chargeable with One Penny, or Three Pence, according to circumstances; to Places Abroad, where there are no regular Packets, on payment of Three Pence.

PRINTED NEWSPAPERS liable to *Stamp Duties and duly Stamped*, may be sent by **PACKET BOATS** to any of his Majesty's Colonies and Possessions beyond Seas, *free of the Duty of Postage*, provided the same be put into any General Post Office in the United Kingdom, or any day *within seven days next after the day on which the same shall be published*, such day to be ascertained by the date of the Paper; and if forwarded by **PRIVATE SHIPS** under the same regulations, they are liable to a postage of One Penny each, to be paid when put into the Post Office.

Newspapers printed in the *British Colonies and Possessions* beyond the Seas, and brought to Great Britain and Ireland by *Packet Boats*, are to be delivered to their first Address by the General Post within the United Kingdom, *free of the Duty of Postage*.

Newspapers printed within the *British Colonies and Possessions* beyond the Seas, and brought by **PRIVATE SHIPS** into the United Kingdom, and delivered at any Post Office with the Ship's Letters, are to be charged and forwarded with a Postage of One Penny upon each Paper.

The above applies to all the Colonies excepting the *East Indies, the Cape of Good Hope, and New South Wales, Van Dieman's Land, Swan River, the Mauritius, Ceylon, and Batavia*.—Newspapers to which are charged as follows: Under one ounce 1d., under two ounces 2d., under three ounces 3d., and so on, charging One Penny for every additional ounce.

Printed Newspapers may be received at any General Post Office in the United Kingdom for conveyance either by **PACKET BOATS** or **PRIVATE SHIPS** to **FOREIGN PARTS**, on Payment of *Troopage* for every such Paper, such payment to be made at the time when the Paper is put into the Post Office—provided every such Paper be put into a Post Office *within Seven Days next after the Day on which the same shall be published*, such day to be ascertained by the date of the Paper.

Newspapers printed in any Kingdom or State beyond Sea, other than his Majesty's Colonies and Possessions, and brought into the United Kingdom either by **PACKET BOATS** or **PRIVATE SHIPS**, (if printed in the language of the *Foreign Kingdom or State from which the same shall be forwarded, but not otherwise*), are to be charged with a rate of *Two Pence* each, on Delivery by the *General Post* in any part of Great Britain and Ireland, at the place of their first Address, in addition to any Postage charged thereon by any Foreign Post-Office.

There is an exception in favour of such Foreign countries as have agreed to circulate Newspapers to and from Great Britain free, when they are put under the same regulations as Newspapers to and from the British Colonies. The following are the places with which such agreement has been made:—Buenos Ayres, Colombia, La Guayra, Caraccas, Carthagen, Bogota,

Greece, Ionian Islands, Hamburgh, Bremen, Cuxhaven, and Spain.

No Newspaper is to be considered within the aforesaid privilege, unless the same be sent without a Cover, or in a Cover open at the sides.

If the Person to whom any such Paper (from the Colonies or Foreign parts) is directed, shall have removed from, or quitted the place, to which such Newspapers shall be addressed, prior to the delivery thereof at such place, any such Newspaper on arriving or delivery at the place of its address, may (provided it has not been opened or used, but not otherwise) be re-directed and forwarded to such Person at any other place within the United Kingdom, free of any charge for such extra conveyance; but if any such Newspaper shall have been opened or used, the same is, on re-direction, to be charged with the Rate of a Single Letter from the place at which it shall be re-directed, or re-posted to the place where delivered.

PRINTED VOTES and PROCEEDINGS IN PARLIAMENT, may be sent to any of his Majesty's Colonies or Possessions beyond Seas, upon payment of one penny halfpenny per Ounce, and so in proportion above that Weight, such payment to be made at the time they are put into the Post-Office.

Printed Votes, Proceedings, and Public Papers, printed by order of the Legislative Assemblies of any of his Majesty's Colonies, and brought to this Country by Packets, are to be charged at the rate of one penny halfpenny per Ounce, and so in proportion above that Weight, to be paid on delivery.

They must be sent without Covers, or in Covers open at the sides, and if any other Paper or thing whatever be enclosed or concealed therein, or there shall be writing other than the superscription upon them or their Covers, such Packets are chargeable with the full rates of Postage as Letters.

FRANKS.—The Peers of Parliament and Members of the House of Commons are entitled to send "ten and receive fifteen letters daily," free of postage, to or from any place within the United Kingdom of Great Britain and Ireland. The superscription of each letter sent must be wholly in the handwriting of the Peer or Member, who must endorse the name of the post town from which such letters are sent, and the date written in words at length. The weight of each letter must be under one ounce.

Franks put into the Twopenny-post in London are liable to the Twopenny-post rates, and are also liable to the rate when going into or coming from any of the country Penny Posts. The act of 54 Geo. III., cap.

159, sect. 17, enacts, that it shall be lawful for every Member of either House of Parliament to receive by post any petition addressed to either House of Parliament, free from the duty of postage, so as the same be sent in a cover open at the sides, and that the same shall not exceed the weight of six ounces.

BANK NOTES AND DRAFTS.—Persons wishing to send bank notes or drafts by post, are advised to cut such notes or drafts in halves, and send them at two different times, waiting till the receipt of one half is acknowledged before the other is sent.

MONEY, RINGS, OR LOCKETS, &c.—When money, rings, or lockets, &c. are sent by the post from Edinburgh, particular care should be taken to deliver the same to the Clerk, at the window at the General Post-Office; and when any such letter is to be sent from the country, it should be delivered into the hands of the Post-master; but it is to be observed, that this office does not engage to ensure the party from loss.

MONEY ORDER OFFICE.—For the security of sums of money not exceeding five guineas, sent in letters by post, the Postmaster-General has authorized the establishment of the Money Order-office, where orders are given (payable at sight) on the Postmasters in Scotland, England, and Ireland. Attendance is given from 9-30 m. to 9-15 a. daily, Sundays excepted.

LATE DELIVERY OF LETTERS.—Representations having been made of the time occupied by the LETTER CARRIERS in the DELIVERY of their LETTERS through the City, the inconvenience has been ascertained to be in a great measure, if not entirely, attributable to the delays experienced by the Carriers at hall doors, owing to servants not answering the bells, and in some cases, by the servants not being provided with money to pay the postage. Instructions have been issued to the Letter Carriers, to rap or ring at each hall door twice, pausing an instant. The application of the Carrier, therefore, cannot be mistaken; and the public are earnestly requested to aid the Postmaster-General in his Lordship's anxiety to expedite the general delivery of the correspondence, by obliging servants to answer immediately the Carrier's application, and to have the servant previously provided with sufficient sums to discharge their demands.

PRIVATE BOXES.—For the accommodation of merchants and others who, from circumstances, may find it more convenient to send for their Letters, Private Boxes are kept at the General Post Office, into which such Letters are put and taken charge of until sent for by the Parties. For particulars, apply to the Clerk, at the Paid Letter Office.

MAIL-COACH ROUTES FROM EDINBURGH,

SHOWING THE ARRIVAL AND RETURN OF THE MAIL AT EACH OF THE UNDER-MENTIONED PLACES.

THE following LISTS will, it is hoped, be found of much importance to the Public, as showing the course of Post, and enabling persons to avail themselves of Mail Conveyances. A very trifling calculation will also enable them to ascertain the time of the Mail passing any of the intermediate places. The Third Column shows the time of the Mail passing, and the last that of its return to Edinburgh.

The return of the Carlisle and London Mails is calculated by London time ; thus the former arrives at 3-10 and the latter at 2-10 Edinburgh time.

2. That each licensed Carriage shall have a number issued for it, which shall be affixed, together with the Owner's name, in legible letters, of a colour different from the Carriage, at least one inch in length, on each door, immediately below the window frame; and the number shall also be distinctly painted on the centre of the back of the Carriage, or on a piece of tin fixed under the back window.

3. That each licensed Carriage shall be always provided with horses in good condition; and the Carriage, including the cushions, steps, springs, blinds, windows, and check strings, as also the harness of the horses, shall always be kept in good order and repair. The following are among the advantages which this Company offers to the Insuring Public:—

- 1st, The rates of Premium, especially for ages under fifty, are the lowest ever hitherto published, in proof of which a comparison is confidently invited with the Tables of any other Office in the United Kingdom.
- 2d, The facilities afforded to all classes of insurers, by having it in their power to adopt either an *even rate* for life, an *ascending scale*, or a *descending scale* as may suit the convenience of parties; or, further, an *alternative plan*, by which one-third of the even rate of premium (on policies for the whole of life) may remain unpaid, and be deducted from the sum insured at the end of life, with interest at the rate of four per cent.
- 3dly, The adaptation of the tables to any service, or to any country in the world; and it will be found that in foreign insurances, also, the extra rates charged are considerably lower than those of other offices.
- 4thly, the Insurance of persons of advanced age, and also the undertaking of risks that might be rejected by other offices, at moderate rates, deduced from very extensive and accurate observations.
- 5thly, The great facility afforded for the transfer of policies, the Directors, instead of requiring assignments of these to be executed, in every case issuing a new policy in name of the intended assignee, on surrendering the former, and merely paying the price of the new stamp.

The following are selected from the Even Rates:—

LIFE DEPARTMENT.

While the Premiums are as moderate as is consistent with security, the Holders of Life Policies are entitled to periodical additions from the surplus Premiums, which may be applied either to increase the sum payable at the death of the Insured, or to reduce the future Payments of Premium. That this is a very substantial advantage will be perceived from the following

TABLE,

Showing the additions made to Life Policies for L.1000, effected in London, or through an Agent in Great Britain, which have been in force for the Fourteen Years ending at Christmas 1830. Proportionate additions have been made to Policies for other Amounts, or which have been in force for shorter periods.

Date of Policy.	Sum assured.	Annual Premium.	Age at Commencement.	Amount that has been added to the Sum assured, payable at the Party's death.
	<i>L.</i>	<i>L. s. d.</i>		<i>L.</i>

do.	1000	53 3 4	55	382
do.	1000	63 13 4	60	449

Thus, by the above table, it will be seen, that a person insuring L.1000 at 20 years of age, at the end of 14 years will have paid L.305, 1s. 8d. of Premium; and, were he then to die, his heirs would receive L.1230 instead of L.1000.

These additions will, on comparison, be found AS GREAT AS HAVE BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATEVER.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

FIRE DEPARTMENT.

The assurance of every species of property from loss or damage by fire is undertaken by the Company on highly favourable terms.

The following are the rates for all policies where the premium exceeds 5s.

Common Risks,	1s. 6d. per cent.
Hazardous ditto,	2s. 6d.
Doubly Hazardous,	4s. 6d.

The duty on Farming Stock Assurances being wholly taken off, all Farming Stock may be assured at the low price of 2s. for every L.100, without any restrictive clause whatsoever, the former charge having been 5s.

A payment for rent is made by the Company in case of *Loss on Buildings, without any extra premium.*

Proposals, fully explanatory of the principles and rates of the Company, may be had at the Company's office, No. 29, Heriot Row, Edinburgh, where all letters on the subject of Assurances may be addressed to the Committee, or to their chairman, Mr Campbell.

Note.—These additions become a vested right after a Policy has been in existence for *five* years.

The principles of division which have been adopted are such, that assurers are all placed impartially on the same footing—each individual having a proportionate share of profit allocated to his policy according to the period of its existence. No distinction is thus made conferring advantages upon parties assuring at any particular period at the expense of those who may enter at another.

The advantages of division of profits held forth under the most correct systems of mutual risk are thus realized, whilst, at the same time, the undoubted guarantee of a large subscribed Capital affords perfect security for the fulfilment of the Company's engagements under all circumstances, relieving the assured from that anxiety which must naturally exist where they alone are the parties liable to all the risk of an extended business of this nature.

In addition to the advantages offered by a large subscribed Capital, and the equitable principles on which the division of profits proceeds, the *Standard Life Assurance Company* has to hold forth to the public another regulation conferring peculiar benefit on Assurers, which is—The provision, that a division of Profits shall be made amongst the Assured at the expiry of every *five* years. The importance of this arrangement must be evident to every one, as affording, in the *first* place, renewed opportunities of minute investigation into the Company's affairs; and, in the *second*, great advantage to Policy-holders, by the frequent additions which will thus periodically be made to their Policies.

The other provisions and regulations for conducting the business of the Company are conceived on the most liberal principles for the encouragement of assurance amongst all classes. The following are amongst them:—

No charge is made on parties assuring under the head of entry-money, admission fee, or otherwise.

Premiums may be made payable yearly, half yearly, or quarterly, according to the inclination of parties.

Military men are not charged with extra Premiums unless called into actual service.

Persons whose lives are assured, are permitted to pass and repass by sea, in time of peace, from any part of Europe to another, without application being made for such license, or payment of any additional premium on account of the same.

No extra premium is charged for Foreign residence, temporary or permanent, within the limits of Europe; parties going beyond these limits are assured on reasonable terms.

Onerous Assignees to Policies opened by persons on their own lives, when duly admitted by the Company as the holders, will be considered to stand in an equally favourable situation as if they had been the original assurers.

Assurances of fixed sums for limited periods, and on the various combinations of Joint Lives and Survivorships, as well as Immediate and Deferred Annuities and Endowments, can be effected on moderate and advantageous terms.

Commission allowed to Agents transacting business with the Company.

Tables of the Rates of Premiums, and every other information connected with the business of Life Assurance and Annuities, may be had at the Company's Office, No 21, South St Andrew Street, Edinburgh, or from any of their Agents, who are established in most of the towns in Scotland.

In all benefit societies, with the exception of the Palladium, the Profit which is returned by way of Bonus is given to all the insured. In the Palladium it is only given to those who insure when under fifty years of age; consequently the profit on all lives being added to their policies only, will at once show how (combined with the prosperity of the Society) these additions have been greater than those given by any other.

The highest first Septennial Division ever given by any other Society has been 25 per cent on the Premiums paid. The first Septennial Division of the Palladium was 44½ per cent, and judging from the present state of the Society's affairs, the probability is, that the next Septennial Division will be fully as superior.

Those who insure before the expiry of this year will reap all the advantages which they would do by insuring in any other Society before that period.

Lives above fifty may also be assured, but they do not participate in the profits.

Power vested in the Assured.—The holder of a Life Policy effected for the whole term of the life of any person not exceeding fifty will be entitled, after two annual payments of premium, to vote at General Meetings, viz. on a Policy for L.1000 one vote; L.2000 two votes; L.3000 three votes.

By this most important arrangement, the Assured obtain an effectual protection against an improvident application of the Capital and funds of the Society; which, with the ample subscribed capital and the accumulation of premiums, affords the best security for the payment of all just claims.

Travelling allowed.—All persons whose lives are assured in this office may pass and repass in time of peace from any part of Europe to another, by sea or land, without payment of additional premium.

The large accumulated Capital and Annual Revenue of this Institution (which, as a Life Assurance Association, is the oldest and most extensive in point of business in Scotland), enables the Directors to offer to the public the full advantages arising from the principle of its constitution, combined with the utmost measure of SECURITY.

The great value of the principle of mutual contributionship, or, as it is generally termed, MUTUAL ASSURANCE, on which this Society is founded, is now well known. By the operation of this principle, taken in connexion with the careful selection of lives, and an economical management of the Society's business, it is evident that the advantages of Life Assurance are secured to their utmost possible extent. Indeed, they only require to be known and understood to be fully appreciated; and so rapidly accordingly has been the growth of this Society, that, during the last seventeen years, the annual revenue has increased from L.2300 to ONE HUNDRED THOUSAND POUNDS STERLING *per annum*, and the accumulated Fund from L.3000 to FIVE HUNDRED THOUSAND POUNDS STERLING; and both are in a state of steady and rapid increase.

The last periodical investigation of the Society's affairs took place at 31st December, 1831, when large additions were declared to the Assurances entitled thereto. In order to show the value of the additions

made out of the Surplus Fund, the following particulars are given of the claim arising under a Policy opened previous to 1820, if emerging in the current year by the death of the party assured:—

LIFE DEPARTMENT.

THIS Company effect Life Insurances on equitable principles, with entire exemption from the liability of partnership.

A Large Capital, subscribed by the Proprietors, forms the security of the assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command.

Each Policy for Life is entitled to share the Surplus profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for *One* and *Seven* years will, it is believed, be found, *on comparison*, very advantageous to the Public, while Insurances for the whole period of Life are equally so, if the benefit to be ultimately derived from a participation of the profits is taken into account.

Thus Incorporation is composed of a numerous and influential body of Proprietors; and affords unquestionable security to the public from the magnitude of its capital—a large proportion of which is invested in Government and real securities. By conducting its operations on an extensive scale, and over the whole Empire, it is enabled to equalize those vicissitudes which may arise from the influence of local causes; and, from the success which has attended this National Establishment, it is permanently placed on a secure basis.

FIRE DEPARTMENT.

Property, real and personal, of every description, may be insured on the most advantageous terms; common insurances of the first class at the reduced rates, and property involving more than ordinary hazard, at rates of premium commensurate with the value of the risks.

All LOSSES, when satisfactorily ascertained, are *immediately paid.*

LIFE DEPARTMENT.—PARTICIPATION IN PROFITS.

TWO-THIRDS of the profits are allotted at regular periods to the insured, WITHOUT BEING SUBJECT TO ANY DEDUCTION FOR CHARGES OF MANAGEMENT. The first division will be made on 1st January, 1842. The remaining one-third will be reserved by the Incorporation as a compensation for undertaking the whole expense of management, and for the security afforded by their capital against all possible contingencies.

REDUCED RATES. NO PROFITS.

To facilitate Loan transactions, a reduced scale of rates has been adopted, which will be found particularly favorable to the Insured, especially for young and middle-aged persons.

Moderate rates are demanded for Insurance against the contingencies of foreign climates, military or naval service, and voyages to distant countries; also for healthy persons above the age of 60, and for persons of all ages, afflicted with gout, asthma, rupture, or other serious maladies.

Prospectuses, detailing more particularly the various advantages offered by this Incorporation to the public, with Tables of the Rates both for Life and Fire Insurance, may be obtained by applying at their Office, No. 47, George Street, Edinburgh, or at any of their authorized Agents throughout the Empire.

Manager Gilbert Laurie Finlay.

Secretary William Dickson.

The Edinburgh Life Assurance Company was originally formed exclusively on what is known as the *Participation Principle*, according to which, all persons assuring for the term of life, whose Policies shall have existed for five years, are entitled to participate in the profits of the Company;—but as, in many cases, the object of the Party assuring is to secure a *fixed* sum, by payment of a low Premium, without regard to additions, the original plan of the Company has been extended, by adopting also a Table of Rates *without participation*.

The large subscribed Capital, and the numerous and responsible body of Proprietors, afford unquestionable security to Assurers, who are thereby, as well as under the terms of the Policies, effectually protected from all liability,—while, from FOUR-FIFTHS of the Profits being allotted to those assured on the Participation scheme, they enjoy all the advantages of the Mutual Assurance System, with a larger participation of Profits than can be given by Societies so constituted. At the first periodical investigation, at 31st August, 1835, a bonus was declared on all Policies entitled to participate, which had existed for five years, varying from 20 to 38 per cent on the Premiums paid.

The Company effect Assurances for periods short of the whole of Life,—and also on *joint lives*,—and on the *survivorship of two or more lives*. The premiums in all of these cases, as well as on Single Lives, may be paid in one sum at the outset, or periodically for a limited number of years only, in place of annually during the whole continuance of the Assurance. The rates corresponding with those different modes, in so far as not given in the Tables, may be learned on application at the Office.

The Directors purchase, at a fair price, Policies for the whole Term of Life, which shall have subsisted for three years, if the Holders should wish to discontinue the Assurance. Policies may be sold or transferred.

Attendance is given daily at the Office, where every information may be obtained. The *strictest secrecy* is observed in regard to all business transacted with the Company.

This is the only Company constituted in the Northern part of the Kingdom, exclusively for the purchase of Reversionary Rights—absolute or contingent—Annuities or Liferent Interests—Policies of Assurance on Lives—Shares in Government and Private Tontines—and in general, of all rights extending over Funded or Real Property, or otherwise well secured—the emergence, or term of payment of which, depends upon some contingency of life or survivorship, susceptible of calculation.

Every Man of Business must have found, in the course of his experience, much difficulty in securing or realizing those rights belonging to his Clients, which, among the manifold relations of society and individuals, now so frequently arise, under Contracts of Marriage—Entails—and other Destinations—Family Settlements, and similar Deeds, where limited rights of Liferent and Fee, depending in many cases on complicated contingencies, are secured to Parties having separate and frequently conflicting interests. Even where the contingencies by which such rights may be defeated are comparatively of a remote and improbable nature, they nevertheless are found to affect their marketable value in perhaps a very disproportionate degree. For although a certain class of contingencies may be guarded against by Counter Assurances, through the medium of some one or other of the numerous Life Offices now established, still it is not easy at all times for individuals unaccustomed to the consideration of such matters, either to devise the most effectual means, as applicable to any particular case, of securing the protection of Life Assurance, or to provide the necessary Funds for the payment of the requisite Premiums. Parties are thus frequently under the necessity of leaving themselves without the protection of Life Assurance, and thereby running the hazard of having their otherwise valuable rights entirely defeated, or are forced to bring their contingent rights into the market under every disadvantage. But these difficulties, so formidable and frequently so oppressive to individuals, disappear, or are greatly modified, when a number of such contingent or reversionary rights are held by a Public Body or Company, who can, with comparative safety, on a large and collective scale, undertake the risk of contingencies, which, in any individual case, it would be most imprudent to hazard; or, if judged expedient, can readily command the means of resorting to the protection of Life Assurance, in the most convenient and efficient form.

The NORTHERN REVERSION COMPANY has accordingly been established with the view of meeting the exigencies above alluded to. The accurate observations which have now been made on the duration of human life—the valuable practical tables which have been deduced from these observations—and the well ascertained *formulae* by which such computations are regulated, enable correct calculations to be made, in almost every case, of the true worth and value of any reversionary or liferent right, depending on particular or combined contingencies of life or survivorship. While, in this way, the Capital of a Company may be safely invested with a reasonable prospect of remunerating profit, Parties having such rights to dispose of, and wishing to realize their fair marketable value, have the means of doing so afforded to them through the medium of this Company, without undergoing the expense and delay, and very frequently the disappointment, attending a Public Sale.

In order, as far as possible, to facilitate the transaction of business with the Company, Forms, adapted to various Cases, have been prepared, for enabling Parties or their Agents to tender Proposals of Sale. Copies of these Forms, as well as every other necessary information, may be readily had on application to the Secretary of the Company, at his Chambers, 12, Duke Street, to whom all communications (post paid) are to be addressed.

LIFE DEPARTMENT.

The Caledonian Insurance Company offers to the public the security of an ample subscribed capital, and a Guarantee Fund, together with all the advantages resulting from a participation of profits on the mutual Assurance Plan without risk, while for the convenience of those who prefer a CERTAIN future benefit at a LOW rate of Premium, the Company grants Policies without participation either for the whole period of life, or for short periods at corresponding rates of Premium. In both, the rates are fixed as low as is deemed consistent with safety, and it is provided that, at the expiration of the first ten years, and afterwards of EVERY SEVENTH YEAR, the Profits shall be ascertained by a careful investigation, and that FOUR-SIXTHS thereof shall be apportioned to each Policy of five years' standing, and upwards, entitled to participate, and that according to the number of years such Policy has existed.

ONE-SIXTH is set aside as a guarantee fund for the Life Policy holders, and eventually, at periodical investigations, apportioned among those entitled to participate, the remaining ONE-SIXTH is allotted for the Proprietors of the Company, as a consideration for their having pledged their subscribed and accumulated capital in addition to the profits of the Life Department, as a farther guarantee to Policy Holders.

Payment of Premium may be made Yearly, Half-yearly, or Quarterly.

The Holders of Policies on the life of another are protected in the event of the party whose life is insured dying by duelling or suicide.

Liberal advances made upon Policies effected with the Company.

A fair price given to parties who wish to surrender their Policies.

No charge made for Entrance-Money. THESE ADVANTAGES ARE NOT EXCEEDED BY THE TERMS OF EVEN THE MOST FAVOURED ESTABLISHMENT, EITHER FOR SECURITY OR LIBERALITY.

FIRE DEPARTMENT.

The Company insures property of every description on the most reasonable terms. A duty of 3s. per cent is payable to Government on all property insured against fire, with the exception of Agricultural Stock which is now exempt from Duty.

Prospectuses, with Tables of Rates for both Fire and Life Insurance may be obtained by applying at the Head Office, No. 13, Bank Street, Edinburgh, No. 51, Dame Street, Dublin, or at any of the Agencies in Scotland, England, and Ireland.

DAVID CORMACK, S.S.C., No. 7, North St Andrew Street, Agent, Edinburgh.

Assurances are effected by this Society to the extent of L.5000, upon the same sole or joint or surviving life or lives, and are not confined to the profession of the Law, but are open to persons in every station of life.

FOUR-FIFTHS of the Profits made by this Society will be appropriated to the Persons assured for the whole term of life.

On the 31st day of December, 1840, and at the end of every Seven Years from that period, the profits divisible amongst the Assured will be apportioned amongst such of the Assured for the whole term of life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward, to the period of the next septennial division, for the benefit of the Assured. For the amounts which shall be so apportioned, equivalent reversionary sums will be added to the Policies respectively of those entitled.

The subjoined is a SPECIMEN TABLE of Bonuses, in even pounds, added to Policies of L.1000 each, which had been in force during the first ten years of the existence of the Society, and declared on the 31st December 1833, compared with the amounts of Premiums that had been received and improved at interest.

35	353	188	60	752	295
40	401	199	65	925	351

Note.—Due allowance must be made for extreme and intermediate ages, and the difference of years during which the Assurances have been in force; but the general distribution has been made on the principle, and according to the scale above given.

If any person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in L.1000 or upwards, for the whole continuance of life, have the power of electing, either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance money is required; nor any extra Premium on persons in the Army or Navy, unless in actual service.

Assurances may be effected upon the lives of persons residing at a distance from London, by their appearing before a Solicitor in the country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in king's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

Assurances may be effected through any respectable Attorney or Solicitor in England, of whom prospectuses may be had. A party may himself effect an Assurance by writing to the Actuary, or attending personally at the Society's Office, in LINCOLN'S INN FIELDS.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

This Incorporation divides, Septennially, the whole Profits amongst the Insured, who are guaranteed from responsibility. A return of nine per cent was made on the Premiums received from Candlemas 1825 to Candlemas 1832; and this, notwithstanding a more than average amount of Losses during that period.

The business of the Society has been gradually and steadily increasing since the adoption of the present system of dividing the Profits; and as the Losses during the current Seven Years will not, in all probability, be above an average, the Assured have reason to anticipate a still more favourable result at the next investigation.

All Town Risks of the First Class, Dwelling-Houses situated in the country, and Farm Steadings, are taken as common insurances at 1s. 6d. per cent. At the same rate of Premium, the Stock and Crop on any part of a Farm may be insured in one sum, *without the average clause*; and if preferred, the sum insured may be allowed to decrease monthly or quarterly, whereby a considerable saving is effected by the Insured.

ADVANTAGES OFFERED BY THIS COMPANY.

A very considerable reduction of Premium in the earlier stages of Life, so that L.1200 may be assured for the same annual payments as are required by other offices for the insurance of L.1000; thus securing at the outset, and without the liabilities of a partnership, a bonus equal to 20 per cent on the sum insured, instead of waiting, as in mutual Insurance Companies, for deferred periods, to which, after paying higher rates of Premium, the Insurer may never attain.

A large *invested capital* in the *public funds*, for the security of the assured.

Payment of claims three months after death.

Extension of time for payment of renewal Premiums to thirty days.

Permission to persons, not seafaring by profession, to pass by sea, in time of peace, from any part of Europe to any other part, without paying any extra Premium, and without license of the Directors.

A tender of arbitration in all disputed cases.

Purchase of Policies on the most liberal terms, when the object of an Assurance has been effected, or individuals are unable to continue their annual payments.

Endowments on children attaining the ages of fourteen or twenty-one years.

Annuities granted on the most equitable terms, under a special Act of Parliament.

This Society has for its basis, ECONOMY COMBINED WITH SECURITY—the terms of Assurances for Young and Middle-Aged Lives being much lower than those of any other Office which gives a bonus to the Assured; and a full statement of its affairs is annually made to the Share-holders and Policy-holders, who have a control over the Society.

Three-fourths of the profits are now divided among those Assured for Life on an equable scale, after the Policies shall have been in force four years; but eventually the Shareholders will be paid off, and thenceforth the whole of the profits will be so divided.

The remarkable success and economy of its management are proved by the fact that a bonus declared up to 1833, gave to Policy-holders, on an average, 16 per cent upon the Premiums paid, notwithstanding the lowness of the rates.

Assurances for Life are effected either by equal rates of Premium payable during whole Life, or by higher rates of Premium payable during a limited period of years only—See Tables No. I.—Or by small Premiums at first, increasing every five years until the twentieth—See Table No. II.—In fine, persons may join this Society by an Assurance in any way best adapted to their circumstances or wishes, and at rates as low as possible, compatible with security.

Endowments for Children, Assurances on joint Lives, Survivorships, and Survivorship Annuities are also granted.

No entry money, nor extra charge at entrance, except the stamp duty.

BY A RECENT DECISION of the Court of Directors, Persons who now effect Insurances with this Company for the whole Term of Life, will participate in the Profits, after having paid FIVE ANNUAL PREMIUMS, without incurring the responsibility attached to Societies for mutual Insurance. This advantage is not given to the public by any other office in London except the Equitable Society, where it is confined to the privileged number of five thousand participating members, and will be found very suitable to persons as they advance in life, whereby their expectation of partaking of profits, as signed at distant periods, become very precarious.

The BONUS of L.1, 10s. per cent per annum, declared on Policies in the year 1831, was added to the Sums insured, and the present value of such Bonus may either be received by the parties, or applied in reduction of their future Premiums.

The BONUS on Policies now in force, including the Prospective Addition recently declared, amounts in many cases to TWENTY PER CENT ON THE SUMS INSURED, and will increase Annually, until the next general appropriation of Profits, in the year 1841.

Policies effected before the 31st of January, 1837, will have the advantage of participating in the next general appropriation of Profits.

Every description of Insurance may be effected with this Company, at REDUCED PREMIUMS, when persons do not participate in Profits.

When persons wish to discontinue their Insurances from any cause, the Company will purchase their Policies upon equitable terms.

Prospectuses containing Tables of Premiums, and Examples of the different modes in which the Profits can be applied, may be had at either of the Company's Offices, or of any of the Agents in the principal Towns throughout the Kingdom.

LIFE SOCIETY.

ACCUMULATED CAPITAL, ONE MILLION AND A HALF.

This Society is founded on the Equitable principle of Mutual Guarantee, the *whole* benefit of its business being enjoyed by the Members in the shape of Bonuses, added periodically to the sums Insured. The Premiums (under 45 years of age) are nearly 10 per cent below the usual rates.

Persons Insuring with this Society, thus obtain an immediate advantage in the lowness of its rates, besides the ultimate benefit of successive periodical additions to their Policies, arising from the division of the surplus Capital. Three Septennial Bonuses have already been declared, amounting respectively to L.20, L.24, and L.25 per cent on the amount of Premiums deposited—the calculation, in each case, being made upon the whole Premiums paid from the date of the Policy.

The present income of the Society exceeds L.150,000 per annum, and the new Policies now issuing are in the proportion of eight hundred annually.

The subjoined list (exhibiting a few of the earlier Policies, with the additions thereto), will serve to shew the practical operation of the principle of the Society.

PROTECTOR LIFE ASSOCIATION,

For Assurances on Lives and Survivorships, for the Grant of Immediate, Deferred, and Survivorship Annuities, and for the Purchase of Reversions and Annuities.

This Association offers security to the Assured, in the subscribed Capital of *One Million*, of which L.50,000 has been paid up and invested. The interest of the Proprietary is limited to 5 per cent on this invested Capital, beyond which the whole profits realized by the Society are divided quinquennially among the Assured, and the Bonus thus apportioned may either be added to the Policy, or be applied in reduction of the Premium. It therefore unites all the advantages of a Mutual Assurance Society, with the security afforded by a Proprietary Company.

No entrance fee, no charge for policy, and the premiums made payable in almost any way the convenience of parties can devise.

MELBOURNE PLACE,

(Opposite Bank Street).

ALEXANDER FERGUSON

Respectfully begs leave to express his sincere thanks to the Grocers, Apothecaries, and his numerous Customers, for the very large share of Patronage which he has received in the West Bow and Lawnmarket, takes this method of particularly directing the notice of the Public to his system of doing business, namely:—

The Ready Money System.

He buys with ready money; he sells for ready money; he suffers no losses from bad debts, and requires neither Clerk, Agent, nor Traveller. At A. F.'s establishment these very expensive items form no part of the cost of manufacturing, and he gives the benefit of the great saving thus effected to those who buy from him, and is himself sufficiently compensated by the great increase of his sales.

The immense demand for A. F.'s goods for these ten years past, is the strongest proof of their *cheapness*, as well as of their superior quality; and in both respects he is determined to maintain his reputation.

Wholesale Dealers, Agents, and Exporters, who buy with cash, may have from a cwt. to a ton of Confections, carefully packed, and ready on a few days notice.

For Families, and those using Peppermint, Ginger, and other Stomachic Lozenges, A. F. prepares *double strong* and *highly flavoured* sorts, which are strongly recommended as excellent *tonics*; and he solicits those in the practice of making small presents, to make a trial of his *Superior Mixtures*, put up after the French fashion in *beautifully ornamented boxes*, containing quarters, half pounds, pounds, two pounds, and four pounds. He makes no charge for the boxes, and feels confident that the quality and price will stand a comparison with those of any other Confectioner in the kingdom.

Acidulated Drops in pound, half pound, and quarter pound tin boxes, for which no extra charge is made.

Edinburgh, Dalkeith, AND LEITH RAILWAY.

THE Mid-Lothian coal proprietors bring many kinds of coal into the Railway depots at Edinburgh and Leith. All those of the finest qualities are sent thither, carefully selected and handpicked, to fit them for the competition in those great markets; and those of inferior quality are sold at proportionally inferior prices.

It will be evident to all, of how great importance it is to the consumer to have the stores of the coal proprietors thus brought into town, the frauds of

those who cart coals from the hills being proverbial. In Railway-borne coal, no dealer could commit a fraud, without a connivance with the servants of one of the coal proprietors, and also with the servants of the Railway Company,—that is, a connivance of three parties who have no common interest. It is especially to be remembered, that the Railway Company and their officers have no common interest with the dealers in any article carried on the Railway; they only furnish the means of transport; and it is their interest to see justice done to the public, in which the officers exercise the functions of a police, in virtue of the Railway Act, which empowers them to compel all coal carried out of the depots to undergo the test of the Company's weighing machines.

Let consumers of coals attend pointedly to the following instructions:—

1st, Never receive coals without a certificate of weight and quality from one of the Railway Company's weighers.

2dly, Attend to the hour of departure marked in the certificate; and if the carter appears to have travelled under the rate of three miles an hour, reject his coals.

3dly, Never allow the Certificate to be kept and carried away by the Carter; but when inspected, let it be destroyed, or enclosed back to the Manager or the weigher, to have it ascertained that it is not a forgery.

4thly, If coals appear on delivery to be of a different quality from what were ordered, a competent person shall be sent to inspect them, on application being made to the Manager.

5thly, Avoid any coal merchant who appears unreasonably averse to supplying Railway-borne coal. The respectable portion of the coal merchants in Edinburgh and Leith have a great advantage in supplying their customers directly from the stores of the coal proprietors in the Railway depots; for they save thereby the expense of private coal-yards, and of storing, selecting, and loading; and through the Railway Weigher's Register, they can always obtain a check upon their carters, and evidence of their own honesty.

N. B.—No coals are allowed to be weighed in the Railway Depots except those purchased there.

Weighers in Edinburgh Depot—William Murray and John Hamilton.

Weighers in Leith Depot—John Somerville and William Scott.

The RAILWAY COACHES (Fares 6d.) depart from St Leonard's Depot Edinburgh, at 7, 8½, 10, 12, 2, 4, 6, and 8½.
